She was really, really, happy.

I've never seen her so happy about something before.

I see.

Like mother, like daughter !

She's bound to like you !

...

Is something bothering you?

No ...

Your face is like those LED monitors ! It simply shows ! Come on, tell me.

Come on !

What is it ?

Um ...

Well ...

It's ... kind of embarrasing...

I don't like that Taekwon V guy ! Why is he hanging around you ?!

The way he looks at you... I think he likes you !

Of course, he is a charming girl after all.

But still, you know.

No matter how many are after me, it does not change the fact that

I am bound to Kim Yeol.

Besides, I've already told him that I wouldn't marry again.

Even if I do get somehow married again, it wouldn't be him, I said.

I told him that there was always someone in my heart ...

W, well, dude, this guy's so damn popular ! Hahah !

Uggggh

Ouch !

What happened ?!

It's gotten better actually. Remember the old man who kicked me the other day?

And you ran like that with this ?

Tak-Gwon stopped by.

Don't you know about the thefts? It's twice now.

What are you planning now ?! I can't have you cause any further troubles !

Besides, it's theft ! Let the police handle this !

We are super visors !

Since we call ourselves "super", don't you think we should take care of internal matters on our own at least ?

What do you think? We will catch the thief. It's only a matter of time.

Of all ideas, yours is ...

The best, right ?! Even CSI would cry a river and fall over my greatness !

우하하하하하하

But you can try your idea since we have nothing to lose.

You can count on me! I will catch the thief!

Just buy me a drink when I catch the thief, hahahaha!

Why are you buying so much?

Are you going to open a restaurant or something?

I am going to host a small party for my fellow workers from the lawfirm.

After they found out I got married, they want to celebrate with a party.

And I am sure they are dying to see what kind of man managed to steal Princess Yeora from them, hahah

Fear not ! You are the princess, so I will do everything !

The party will be on Saturday night. You gotta help me.

Oh, I should call my mom and tell her to send some good meat.

No ! Don't ! Never !

For you, your mother has always been someone who gave you everything unconditionally.

That has to stop now !

She put everything into raising you and even paid for your wedding !

And now you've left her and are a man of a house now. You must now give her things instead of being given.

Got that ?!

Yeah ...

When you get your first wage, send her some money and a gift.

Yeora ...

You are not a princess ! You are an angel !

What are you doing ?! Stop! People are watching!

Mister !

Yeah ?

You were her first boyfriend, right? Why did she dump you?

Ah, well...

Half was his fault. Half was mine.

So, you both were at fault ?

What happened?

Well ...

You know that I was an orphan ...

I had no one ...

Really no one ...

When I met him at one point of my life ...

He treated me so well... so warmly ...

At some point, I started to rely on him more and more ... Because, for me, all I had was him and him only ...

He was becoming everything for me ...

But ...

While he also cared for me, he had other priorities ...

Like friendships... His other priorities ...

Started to make me ... jealous ...

And I became afraid of them at the same time ...

I had always thought that pain comes out outside.

Hit or be hit.

Hurt or be hurt

I thought it was like that

But

The most excruciating pain

originates from

inside

always.

You realized only after Years went out of your reach, right?

So what ?

Well ..

I think I know.

Know what ?

The pain you have inside of you right now

You are not angry at her. Instead, you are pissed at yourself for not grabbing her while you can, right?

I know that pain all too well.

It slowly comes out of your gut and starts to make you hurt from inside.

Is that why ?

What ?

Is that why you let me hit you back there.

You noticed ?

If I did, I would have beaten you until you were almost dead

Thanks.

For letting you live ?

No, for looking after Years while I wasn't here.

Thanks

For letting you hit me ?

No

For being a better man than myself

It's me, right ?

You .....

figured that out finally ?

What took you so long.... fool.

You know how old she is.

If you paid a little more attention, you'd have known.

I didn't even try to hide it. You were just too stupid to have realized it sooner.

You should have told me still !

Because you would have taken the responsibility

and marry me no matter what.

Oh, yeah...

That sounds about right.

But you know

No matter what happens to this world, it won't change the fact that Khomi is in fact my daughter.

So, even if I am not married to you, she would still be my daughter anyway and ... so ...

I know

What you are trying to say

You were living your own life.

And I didn't know how you were living

For all I knew, you could have married

I felt it would be too selfish to show up suddenly and tell you the truth.

And possibly destroy your life in progress.

Okay, and one more thing ...

Actually, I am very tired right now. Can I go to bed ?

You are going to spend another night at the cafe, right?

You do look a little pale.

You are not ill, aren't you ?

I am just tired. That's all.

I just need to sleep well.

Make sure you lock the door when you leave.

I certainly won't cry for something insignificant.

Heh, really ?

My illness is serious, yet it's "insignificant" for you?

I am laughing because I do love you !

You laugh off illnesses while you cure them.

Understand?

Well, this is better than crying, so I am not complaining.

Makes it easier to tell you this also.

Tell me what ?

I am not going to receive treatments.

It is a decision I've made after a long consideration.

I don't want to spend my remaining days...

I am going home and spend my days with you and Kkami.

I want happy memories before I -

What are you saying ?!

I've actually written lists of things for you to keep in mind.

Our bank account.

Educational endowment insurance

Your retirement insurance

And I have few insurances to my name as well.

She has given this cafe to me because ... for me and Kkomi to live in a world Yeoro no longer lives

Managing a cafe like this will

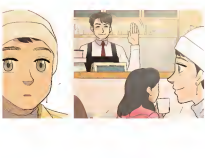
give me and Khami a more flexible

life style than me having a full time job

at a company ...

When she planned to give

this cafe to me,



I reckon this cafe was for

me and Khami.

But for me,

this cafe is ...

For the three of us.

And I've gained yet another

reason to feel happier.

10%, the doctor told us initially.

10% chance of survival.

He changed his words.

It is now 30%

30% chance of survival.

But right now the score

is not the important thing.

What really matters is how

the score is on the rise.

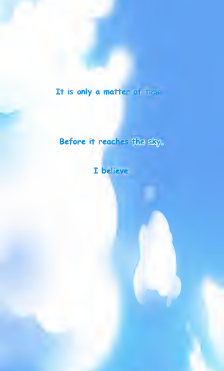
It is only a matter of time.

Before it reaches the sky.

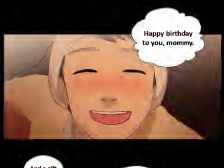
I Believe.

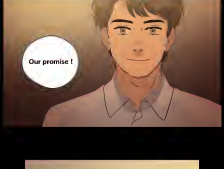
The sky where it says ...

100%.



But Yeona has been awesomely happy recently, so they don't have anything to feed on !
It makes sense actually. You know everything, daddy





This is the wishlist paper she threw away in episode 18.

I wander ...

how fast happiness runs ?

If it were the lazy me in my

old days, I wouldn't catch up to him

either way.

I suppose though ...

I should be able to catch up to him

if I run fast and consistently.

As lang as I remain consistent ...

Wha knaws ...

He may just stap far a sec and

laak back ...

Taday she enters her exam af life

with 30% chance af making it thraugh.

But it is nat just "30%".

It is 30% an the rise.

So ...

I ...

We believe ...

Fighting !

Good luck, mammy !

Darling,

Kikami,

I love you.

So, we believe ...

that we will see her back

in a few hours ...

With her exam paper in hand ...

with the best score on it ...

We believe ...

What the ... Which department examined the resumes ?
My apologies. It's was our department...
Interview isn't for fun ! And it's not certainly a themepark for unemployed !

I quit on my own accord. I was never fired !

The last episode of the special

My choice was always you.

Choose now ! Is it me or your friends ?!
What? You can't compare love and friendship!
Sure, you can !
Parents or friends!
Ramen or its soup ! It's quite clear actually !

Is this

what he went through ?

Having to choose between

some things that can't really be separated ?

I am Pi Yoora from the kowtow.
I heard there was an accident during a job interview ?
Yes, the man in charge of the interview was the chairman's son.

Don't be ! No proper man would act by that !
I swear to you that I feel nothing bad about what I've done today !
And I would repeat what I did today if it happens again !

I fear that you may be punished because of me...
Fear not !
If there is still any decency left in Korea's justice system, I will be set free !

You know how powerful the media is nowadays, don't you ?

Wh-

.....

If this leaks, you will be socially buried alive !

You can do whatever you want and end your career.

Or you can apologize and get this over with.

It's your choice. Well ?

Ooo...

Yep, there is still decency left in Korea !

Romance and justice shall keep living on in me also !

Because the most important aspect

in one's life is ...

Love ...

What did you say ?

I love you, Kkam. That's what I said !

eojwolk

It's always you or nothing, Kkam !

The answer

I couldn't give to you

at that moment ...

No matter what

my answer would always

always be

you.

So ...

Show up in front of me once more...

The answer I could not give you at that moment

I can, now.

Pi Yeora

The end
